FA Youth Cup 2nd Round 2004-05

Midland Floodlit Youth League Central Division Winners 2010-11

Worcestershire FA U18's Cup Finalists 2013-14

Well the season is now in full swing and we have made a good start to our first season ever at Step 4.

Five league games completed, only one defeat and 8 points.

We beat Boldmere in our first "home" game at Tividale in an exciting game. We conceded a penalty in the 90th minute enabling

Boldmere to get back to 2-2 but then got an injury time goal from Ben Billingham to win the game 3-2.

We then had 3 tough away games, gaining 4 points with a good 2-2 draw at a strong Anstey Nomads team, a 1-0 win at Walsall Wood on Bank Holiday Monday with the only defeat being at Coleshill Town.

It is good to see that we do not look out of place at this higher level and all the games so far have been tight.

A lot of credit goes to Grant and his support team for preparing the team for this new challenge and also to the players for their hard work and commitment.

With us now being able to play at our real home of the Sports Ground we now have 3 home league games in a row

We start today with Bedworth United, followed by Sutton Coldfield Town on Saturday 16th and Rugby Town on Tuesday 19th

We welcome everyone involved with Bedworth today and look forward to an exciting game for our first ever Step 4 game at The Sports Ground.

I look forward to seeing as many of you as possible to help cheer the lads on.

Next Saturday we have another new venture in the FA Trophy and have a tough away tie at Harborough Town.

Lets look forward to more exciting football and with your support helping us establish ourselves in the NPL Midlands Division.

Yours in football

Brian Blakemore
Chairman, Lye Town FC

History of Lye Town FC

The club were established in 1930 as Lye & Wollescote Amateur Football Club and joined the Worcestershire Combination. They were renamed Lye Town the following year. The club were runners-up in the Worcestershire Combination in 1932–33 and won the Birmingham Junior Cup the following season. Lye were league runners-up again in 1934–35 before winning the league in 1935–36. Lye were runners-up in the Worcestershire Combination for a third time in 1937–38, also winning the Birmingham Junior Cup, retaining the Cup the following season.

Following World War II Lye played in the Central Amateur League in the 1946–47 season before joining the Birmingham & District League in 1947. Lye were placed in the South Division when the league was re-organised in 1954, with a tenth-place finish seeing us placed in Division One for the 1955–56 season. We subsequently finished bottom of the Division and were relegated to Division Two. The league reverted to a single division in 1960 and was renamed the West Midlands (Regional) League in 1962.

The league gained a second division in 1965, with Lye becoming members of the Premier Division. Despite finishing bottom of the Premier Division in 1965–66 and 1966–67, the club were not relegated to Division One. Lye were Premier Division runners-up in 1976–77 before finishing second in three consecutive seasons between 1978–79 and 1980–81. In 1997–98 the club were Premier Division champions, but were not promoted to the Midland Alliance due to ground grading regulations.

2010–11 Lye won the Birmingham Midweek Floodlit Cup, beating Nuneaton Griff 1–0 in the final. Lye were Premier Division runners-up in 2012–13 and won the Floodlit Cup for a second time with a 2–1 win over Southam United in the final. The club went on to win both the Worcestershire Senior Urn and the Premier Division the following season, earning promotion to the Premier Division of the newly formed Midland League. In the 2021–22 season Lye won the JW Hunt Cup.

In 2022-23 Lye finished second to Walsall Wood in the Midland League Premier Division. Having come runners up they were drawn away to Cambridgeshire side St Neots Town in a Step 4/5 Inter Play-Off game. Lye won 6-1 and gained promotion to Step 4 for the first time in their history.

GROUND

The club play at the Sports Ground on Stourbridge Road, which is shared with the local cricket club. a temporary rail is erected on the northern side of the pitch during the football season.

A seated stand was built at the Stourbridge Road end after World War II. A new stand was built on the southern side of the pitch in 1971, with the seats from the post-war stand later moved into the newer stand when the older stand was demolished. The club has a covered standing area with a barrel roof built behind one goal.

Club Sponsors

REVIVAL
FITNESS

The logo for Revival Fitness features the word "REVIVAL" in large, bold, white, distressed-style capital letters. Below it, a thin white line with a pulse-like waveform runs across the width. To the right of this line, the word "FITNESS" is written in smaller, white, sans-serif capital letters.

Black Country
Fencing Ltd

The logo for Black Country Fencing Ltd features the text "Black Country" at the top and "Fencing Ltd" at the bottom, both in bold black sans-serif font. In the center is a stylized graphic of three interlocking rings. The left and right rings are white with black outlines, while the central ring is solid black. The background behind the rings consists of vertical stripes: black on the left and red on the right.

THE
RAILWAY
INN

The logo for The Railway Inn features a white outline of a gabled roof at the top. Below the roof, the words "THE", "RAILWAY", and "INN" are stacked vertically in a white, serif font.

THE GREENBACKS

Club History

The first Bedworth Town football club was formed in 1895 when several matches were played against other local teams. They became founder members of the Nuneaton and District League in 1898, but by 1900 the club had disbanded.

Finishing runners up in the Second Division of the Coventry and North Warwickshire League in the 1904-05 season, the ECS changed their name to Bedworth Town on winning promotion and stayed in existence until the early 1920s. During that time, the town fielded a fine player in Jack 'Sandy' Sheldon who later played for Manchester United, Liverpool and Luton Town.

A third club came on the scene in 1925, when Collycroft United, formed in 1916, became the third team to name themselves Bedworth Town.

This was the most successful of the pre-war clubs, they were members of the Coventry and North Warwickshire League and spent one season in 1936-37 in the Central Amateur League.

The last club to become Bedworth Town was formed in 1947, and as a semi-professional club, secured membership of the Birmingham Combination and soon hit the headlines. They won the championship in successive seasons - 1948-49 and 1949-50 seasons - and in the 1949-50 season were also defeated in the final of the Birmingham Senior Cup.

For season 1954-55, Bedworth joined the Birmingham League and they qualified for the Northern Section for the league's inaugural First Division. The Birmingham League was re-named the West Midlands League in 1962, but lack of success and problems off the field saw Bedworth Town change their name to Bedworth United in 1968.

In 1972 they obtained membership for the Southern League Division One North. In their first season they finished bottom, but this was only to be a setback as they made rapid strides into the Premier Division when the league was re-formed in 1982.

In the Premier Division, they finished 5th in 1982-83 season, and were stable in this league until a poor run saw them relegated at the end of the 1988-89 season.

On February 23rd 1982, the non-league world was staggered when a crowd of 5,172 - then a record for the Southern League in its new form - turned up at their Oval ground to watch them beat Nuneaton Borough 1-0 to go top of the league.

Club History

(Continued)

After becoming Bedworth United, they won the Birmingham Senior Cup on three occasions in the 1980s and were beaten finalists to West Bromwich Albion in the 1987-88 season.

Bedworth United were relegated to the Southern League Midland Division in 1988-89 season until the appointment of St Lucia-born Brendan Phillips as manager in 1990 launched a revival in the club's fortunes.

From 1990 to 1997, the Greenbacks pushed for promotion back to the Southern League's top flight and enjoyed a top six finish in four of the next five seasons. Phillips was tempted to move to Stafford Rangers during the 1992-93 season but progress was continued under the helm of former Notts County midfielder Dean Thomas. Unfortunately, achieving the heady heights of a third place finish in the 1995-96 season, the club overstretched itself financially - and they faced possible closure until a group of die-hards acted to keep the club alive. After that, the Greenbacks occupied a bottom half finish for 14 seasons until the appointment in May, 2011, of a bright, forward-thinking management team led by Steve Farmer, assistant Adam Cooper, and the experienced Ian Roper on the field. In his first season, Farmer - at 31 the youngest manager in the club's history - led them to their first promotion in their 65-year semi-professional history.

After finishing in a highly-creditable third place, they won promotion after beating Uxbridge 2-1 in a semi-final play-off, and defeating Beaconsfield SYCOB 3-1 in the final. Sadly, the fledgling manager showed his inexperience by changing his promotion-winning team from the start and it culminated in the club lasting just one season back in the Southern League Premier Division as they finished in 21st place and went down on goal difference

2013-14 The Greenbacks played in the Evo Stick Northern League Division One South. Andrew Fuller took over as Manager, however he resigned after a few weeks and was replaced by Nick Hawkins who unfortunately was unable to improve the results. He was then replaced by our current Manager, Stuart Storer along with Andy Penny as his assistant. Both came from Hinckley United. After a difficult start they produced a settled squad and staved off relegation at the end of the season.

2014-15 The Greenbacks returned to the Southern Football League. Stuart Storer remained as manager and in his first full season in charge the club once again won promotion after a 2-0 win over Barton Rovers in the play-off final. This was after finishing 4th after the league programme had been finished. This was the club's first season on its new artificial grass pitch.

2015-16 The club played once again in the Southern Football League Premier Division. The season started slowly and a number of changes to playing staff made up until Christmas. The club pushed to avoid relegation but ultimately were unsuccessful, although all agree this was due to the start of the season and not the group of players at the club at the end. We have now returned to the Northern Premier League Division 1 South

The 2016-17 season saw the club play once again in the Northern Premier League Division 1 South. A season that saw a number of injury problems and changes in playing staff saw a mid-table finish. The club did have a successful run in the FA Cup, eventually losing out to National League side Curzon Ashton.

2017/2018 Saw the team struggle in the league early on with injuries and Stuart Storer was unable to field the same team for 2 games in a row. Come Christmas though with the team becoming more settled results started to come and the Greenbacks push saw them finish 4th in the league and make the playoffs where they met Chasetown in the semi final running out 2-1 winners to book a place against Stamford in the final. Bedworth eventually won 2-1 after extra time after conceding 7 minutes into injury time. With the restructuring of the Leagues Bedworth were now promoted into the Evo Stik Southern premier league central. Unfortunately this foray into step 3 of the Non League ladder was short lived and the team were relegated back to step 4 at the end of the 2018/19 season. In the Season that never was due to Covid-19 The Greenbacks were getting a head of steam up and were looking like they might have made the play offs but with the season being brought to a premature halt Bedworth would start the 2020-21 season in step 4 again. Bedworth started well in the 2020-21 season only suffering defeat in the games they played and were sitting second in the league when again due to Covid the season was curtailed. After a poor start to the 2021/22 season a good run in December and January saw the Greenbacks come within touching distance of the playoffs but a poor ending to the season saw them finish 12th. The 2022/23 was on reflection an extremely poor season for the club. Only guaranteeing avoiding the relegation playoffs with a game to spare after high hopes before the season of mounting a challenge at the other end of the table.

Ever thought of volunteering to help your local football club?

There are many different volunteer roles in non-league football and Northern Premier League football clubs need your help with them.

The Trident Leagues and Pitching In have recently launched a new online Volunteer Hub where you can find opportunities and contact your local football club.

Please visit
Pitchinginvolunteers.co.uk
to find out more

Max Hall

Postcard from Italy!

I really like that rallying call for the non-league game which you might see elsewhere in this programme, the one that references the monologue from Trainspotting with phrases including “Choose away days in towns you didn’t know existed”.

There’s one line in particular that resonates with me, the fourth one: “Choose no VAR”. And I’m not alone, am I?

Although the video assistant referee system first reared its ugly head in the Premier League and cups during the 2018-19 season, my first taste of it was as a television viewer of the delayed European Championship held two summers ago.

I was horrified. From that first Wales match, against Switzerland, to this day, VAR has killed football for me. That’s not hyperbole. I’m choosing my words deliberately. I can no longer enjoy football when video technology is used.

As a proud Welshman, it became immediately obvious to me that I can no longer celebrate when my team “scores” a goal. If I remember correctly, either us or the Swiss had a “goal” chalked off with the score 0-0, possibly because a micron of the toenail of Kieffer Moore’s left big toe had carelessly strayed beyond a fibre that was, at that very microsecond, in the process of detaching itself from the over-engineered shirt of the last Swiss defender.

Anyway, you get the point, I’m sure. For me, that irrepressible rush of euphoria when ball hits net, the rising of thousands of bums out of seats (or, down The Lye, at least a couple of dozen) encapsulates why I could never fully walk away from the drug of football.

continued...

Max Hall

Postcard from Italy!

Sure, we've all experienced occasions when the roar immediately turns to groans as everyone in the stand simultaneously glances across to see the offside flag fluttering but that is a whole world away from the miserable world of video technology.

That first VAR-triggered offside changed everything for me. Minutes after Moore had equalised for Wales at the Stadio Olimpico, my wife asked how the match was going and I diffidently replied it was 1-1. She was somewhat taken aback and asked why she hadn't heard me shouting and leaping on the furniture. I wearily told her it was technically 1-1 but that VAR would eventually rub out the Wales goal for some nonsensical reason.

And that was that for me. Nothing will persuade me VAR is good for the game. I recently paid for a televised sports service for the first time. I did it to gain access to NFL games, though, not for football coverage. That said, I'm enjoying the Northern Irish league games televised on iPlayer. Why? Because the NIFL doesn't have video assistants.

I've experienced the world before and after video technology and can say without any reservation that I prefer a game where Lye might miss out on promotion because a linesperson gets the decision wrong. Bring back the human fallibility and, to all those officials I've sworn at over the years: "I'm sorry. All is forgiven."

The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!

SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

- SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with **NO SYMPTOMS** or family history.
- ARVC can be found in one in every 1,000 to 5,000 young adults - **IF IT IS LOOKED FOR.**
- Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.
- Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.
- In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.
